FOR IMMEDIATE RELEASE

September 7, 2016

From: V. Deborah Culligan, Quinnipiack Valley Health District

Contact: 203 248-4528, dculligan@qvhd.org

Please Join Us for A Community Conversation

The Quinnipiack Valley Health District (QVHD) Community Health Coalition is co-sponsoring a Community Conversation with the Greater New Haven Area Partnership and Yale New Haven Hospital to present and discuss the findings from our Community Health Assessments for Bethany, Hamden, North Haven, and Woodbridge. The information from these assessments, along with your comments and concerns about where you live, work and play will be used to create a Community Health Improvement Plan (CHIP) that is community-driven. The event will take place on September 19th, at The Energize CT Center, 122 Universal Drive, North Haven, CT from 8:00 to 10:30 a.m. All are welcome, but an RSVP by telephone to (203) 248-4528 or email to info@qvhd.org is required.
